Summary

I am tech enthusiast, advocate for positivity and continuous learning. My journey includes leadership in an NGO tech team and teaching to specially-abled individuals in Fergusson college also experience in working on research papers as GRA. An adaptable learner with a respect for diversity, I'm passionate about travel, research, and the stage. Currently, I am exploring psychology, linguistics and knowledge engineering furthermore I am seeking to engage in tech discussions and collaborations.

Mr. Saint Thomas (Best Outgoing Student of 2019 batch) - Dean of St. Thomas
Public School

Feb 2019

Recipient of the "Best Student Award"

I am honored to have been awarded the "Best Student Award" during my time at school. This award is traditionally presented to batch holders, and I was both surprised and proud to be the first non-batch holder to receive this recognition. It reflects my dedication and contributions to the school community, and I am grateful for this acknowledgment.
